

W.S. TYLER®

New York City Parks and Recreation

Dear Rob Sidley,

May 7th, 2018

please find below our results of the Haver Tyler CPA Particle Analyzer for your 10x20 sand sample.

Results of mean circularity: 0.87
Results of mean sphericity: 0.801

These results were ran on the 535 gram sample provided by R.W. Sidley twice with reproducibility.

Best Regards,

A handwritten signature in black ink, appearing to read 'Terry Reckart'.
