

# SPECIFICATION SHEET

## TTII® PLAY IT COOL™ INFILL

A naturally antimicrobial & heat-reducing infill  
with a patent-pending anti-cling coating

1. Non silica granule
2. Non microplastic
3. Naturally antimicrobial
4. Surface temperature reduction 8°F lower when dry / 16°F lower when wet
5. Anti static coating
6. Results for ball/surface interaction and safety performances compliant after 20,000 Lisport cycles even with some of the most demanding / elite requirements
7. Passes CAM 17 Heavy Metals Testing
8. Passes Heavy Metals Leachate Testing DIN 18035-7
9. Passes Heavy Metals by Migration EN71-3
10. Passes PAHs ASTM F3496
11. Passes Toxicological Analysis of Phthalates
12. LC 50 rainbow trout testing achieved 100% survival rate after 96 hours
13. Shape is round
14. Bulk density - 100 lbs per cu/ft
15. Mohs hardness - 6
16. Gradation 20-50

Available in bulk, 3000 lb bulk bags and 50 lb plastic bags
