

SPECIFICATION SHEET

TTII[®] CRYSTAL BRIGHT[™] INFILL

TYPICAL PHYSICAL PROPERTIES

1. Green color-coated sand
2. Non acrylic coating
3. Non microplastic coating
4. Antimicrobial included in 50 lb bags
5. Antimicrobial option available for bulk bags and bulk
6. Prop 65 Compliant
7. Excels 5000 hr UVA testing
8. Results for ball/surface interaction and safety performances compliant after 20,000 Lisport cycles even with some of the most demanding / elite requirements
9. Passes Heavy Metals CAM 17 6020B ICP/MS
10. Passes heavy metals by leachates DIN 18035-7
11. 100% survival rate after 96 hrs rainbow trout fish test
12. In compliance with PAHs - ASTM F3496
13. Passes heavy metals by migration EN71-3
14. Does not agglomerate at 230°F as per EN15330-5
15. In compliance of phthalates DIN 18035-7
16. No cracking, no agglomeration, minimal color change after 72hr hydrochloric acid test
17. Mohs Hardness 7
18. Bulk Density 90-100 lb/ft³
19. Specific Gravity 2.65
20. Moisture Content less than 0.05%
21. Produced in the USA by sole source
22. Available in 10-20, 20-40 & 30-50 gradations

Available in bulk, 3000lb bulk bags & 50lb bags
