

SPECIFICATION SHEET

NATURE'S INFILL™

Organic Synthetic Turf Infill

Made in USA
Corn cob granules
All natural cellulose material
Color: tan
Shape: sub round to round
Mohs hardness: 4.0 to 4.5
Bulk density range 30 to 36 lbs per cu/ft
Moisture range: 3.5 to 8.0%
High absorption up to 128% to support cooling
Surface temperature of turf 29°F cooler when wet, 17°F cooler when dry in comparison to SBR and sand
Virtually dust free
Cleaned mechanically by multiple aspirations +2
Published test reports:

- Lisport - 20,000 Cycle
- HIC - ASTM F3146-18
- AAA - ASTM F3189-20
- GMax - ASTM F355A-15
- EN15330-5 Friability
- Abrasive Index ASTM F1015 0-20
- FIFA Heat Test Method 14
- CAM 17 Toxicology EPA 6020B
- DIN 18035-7 Toxicology
- ASTM F3496 Toxicology

Backed by a Limited Warranty
Recyclable for reapplication
Available in 2000lb bulk bags and 40lb small bags, stored in a protected environment
