

SPECIFICATION SHEET

NATURE'S INFILL T3™

Organic synthetic turf infill with mold resistance treatment

Made in USA

Corn cob granules

Mold resistance treatment

100% biodegradable after its useful life

PFAS Free

All natural cellulose material

Color: tan

Shape: sub round to round

Mohs hardness: 4.0 to 4.5

Bulk density range 21 to 25 lbs per cu/ft

Moisture range: 2.0 to 5.0%

Virtually dust free

Cleaned mechanically by multiple aspirations +2

Published test reports:

- Mold Testing
- FIFA Heat Test Method 14
- Freeze Thaw Water Absorption
- Lisport - 20,000 Cycle
- HIC - ASTM F3146-18
- AAA - ASTM F3189-20
- GMax - ASTM F355A-15
- EN15330-5 Friability
- Abrasive Index ASTM F1015 0-20

Backed by a Limited Warranty

Recyclable for reapplication

Available in 2000lb bulk bags and 40lb small bags, stored in a protected environment
